DETAILED ACTION

Drawings

1. The drawings were received on Feb. 28, 2005. These drawings are acceptable.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-5, 9-16, 21-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 1 and 12, the movable space fillers are not structurally connected to the other elements in the claim. Also, the male and female members are not structurally connected to each other. Claims 11 and 21 recite that the strength determination element comprises at least one of a bearing-like member. This is confusing since only one member is recited. Please call the undersigned to authorize an examiners amendment to place the application in condition for allowance.

Allowable Subject Matter

3. Claims 1-5, 9-16, 20-23 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
